Rosas with Meaning: Instead of giving your main squeeze a dozen red roses, give 11 red and one white, and write a note that says something like, "You always stand out to me" or "Eres única." Ahhh, how romantic!

LOVE DON'T COST A THING

IT DOESN'T TAKE MUCH MONEY TO SHOW YOUR *QUERIDO* HOW MUCH YOU LOVE THEM. HERE ARE MY FAVORITE LOW AND NO-COST IDEAS THAT ARE INDULGENT WITHOUT BREAKING THE BANK.

Floral Bubbly: Champagne is a Valentine's Day staple, but amp it up by serving it with frozen rose ice cubes! Cut the blooms off of a dozen spray roses and set each one into its own slot in your ice cube tray. Hold them upright with a toothpick, fill them with water and let them freeze overnight. For best results start with warm water so the ice freezes as clear as possible.

Café con Amor: In morning coffee add a message of love—just put chocolate sauce in a squeeze bottle and have at it!

Morning delight: Who doesn't love breakfast in bed? But step it up by making strawberry pancakes with pink cream (you can cut the strawberries to look like little hearts) and corazón-shaped bacon.
